# About Us

---

In an era of unprecedented transformation, **Dunearc International** is a premier contracting company, stands as a beacon of engineering prowess and specialized contracting excellence. Established on the principles of integrity, innovation and unwavering commitment to quality. We established our Regional Headquarters in the dynamic heart of Riyadh, Saudi Arabia with our foundational roots in the robust and skilled engineering community.

We bring a legacy of dedication, technical expertise, precision-engineered solutions and exceptional craftsmanship across critical sectors including construction, infrastructure and industrial services. Our commitment is to build with integrity, innovate with purpose and deliver projects that set new standards for quality and reliability.

Our core philosophy **“Build it Right”** is not just a caption but the guiding principle behind every project we undertake. It signifies our dedication to precision engineering, adherence to the highest international standards, and a results-driven approach that ensures durability, efficiency and value for our clients. We are dedicated to contributing to the ambitious development goals of the Kingdom of Saudi Arabia and we strategically positioned to be a key contributor to Saudi Arabia's Vision 2030, bringing world-class engineering solutions to the forefront of the nation's development.

## Our Vision

To be the most trusted and preferred engineering and specialized contracting partner in Saudi Arabia, recognized for our role in building iconic and critical infrastructure that defined the nation's progress.

## Our Mission

To deliver innovative, sustainable and precision-engineered contracting services that not only meet but also anticipate the needs of our clients, we are committed to enhancing the built environment through technical expertise, disciplined execution and a relentless pursuit of excellence.

## VISION FOR THE FUTURE

---

Aligning with the visionary Saudi Green Initiative and the Kingdom's sustainability goals, **“Dunearc International Company”** is strategically expanding our focus to include the Clean Energy solutions, supporting the sustainable vision of the Kingdom. We are committed to being at the forefront of building a sustainable future through upcoming projects in renewable technologies.

Stay tuned as we power forward into Clean Energy!!!

## OUR PLEDGE

---

**Dunearc International Company** is built on a foundation of strong ethical values. We pledge to conduct our business with transparency, foster a culture of innovation and invest in the local community, ensuring that our success contributes directly to the prosperity of the Kingdom.

# “A Unified Vision, Delivered Through Specialized Expertise”

At **Dunearc International Company**, we understand that modern specialized contracting demands more than just broad capabilities; it requires deep, focused expertise. To meet the complex and multi-faceted challenges of today's projects, we have structured our organization into distinct, highly specialized divisions. This structure allows us to deliver unparalleled precision and excellence at every stage of a project's lifecycle.

While we operate as a single, unified entity, our divisional approach ensures that each aspect of your project is managed by dedicated experts who live and breathe their specific craft.

## Our Specialized Divisions:

**1. Engineering & PMC:** The foundation of every successful project. Our team provides master planning, detailed engineering design and rigorous project management, ensuring your vision is both feasible and efficiently executed from the very beginning.

**2. Construction:** The tangible realisation of our plans. This division brings blueprints to life, managing all on-site activities with an unwavering commitment to quality, safety, timeliness, delivering robust and durable structures.

**3. Building Services:** The lifeblood of any functional space. We specialize in the essential systems that make buildings work—including HVAC, electrical, plumbing and fire protection—ensuring occupant comfort, safety and operational efficiency.

**4. Automation:** Integrating intelligence into the built environment. We deliver smart building solutions, process automation and control systems that enhance performance, reduce operational costs and create future-ready spaces.

**5. Landscape:** Blending the built environment with the natural world. Our experts create stunning, sustainable and functional outdoor spaces that enhance aesthetics, promote well-being and add significant value to the overall property.

**6. Interior:** Crafting exceptional interior experiences. From space planning and fit-out to finishes and furnishings, this division transforms internal spaces into productive, inspiring and brand-aligned environments

**7. Clean Energy:** Powering a sustainable future. We design and implement renewable energy solutions including Solar, Gas and energy efficiency systems, helping clients reduce their carbon footprint and achieve long-term energy independence.

# The Power of Our Integrated, Divisional Structure:

You may wonder, why divide our services? The answer lies in our commitment to delivering superior results.

This collaborative model means you have a single point of accountability in **Dunearc International**, with the assurance that each specialized task is handled by a dedicated team of experts. It eliminates the friction of managing multiple subcontractors and ensures a cohesive, streamlined project flow from conception to completion.

We believe that specialization is the key to excellence. By dividing our operations, we ensure that:

**Depth of Expertise:** Each team is comprised of specialists who are leaders in their specific field, not generalists spreading their focus thin.

**Focused Innovation:** Each division is empowered to pursue the latest technologies, methods and materials within its domain, driving continuous improvement.

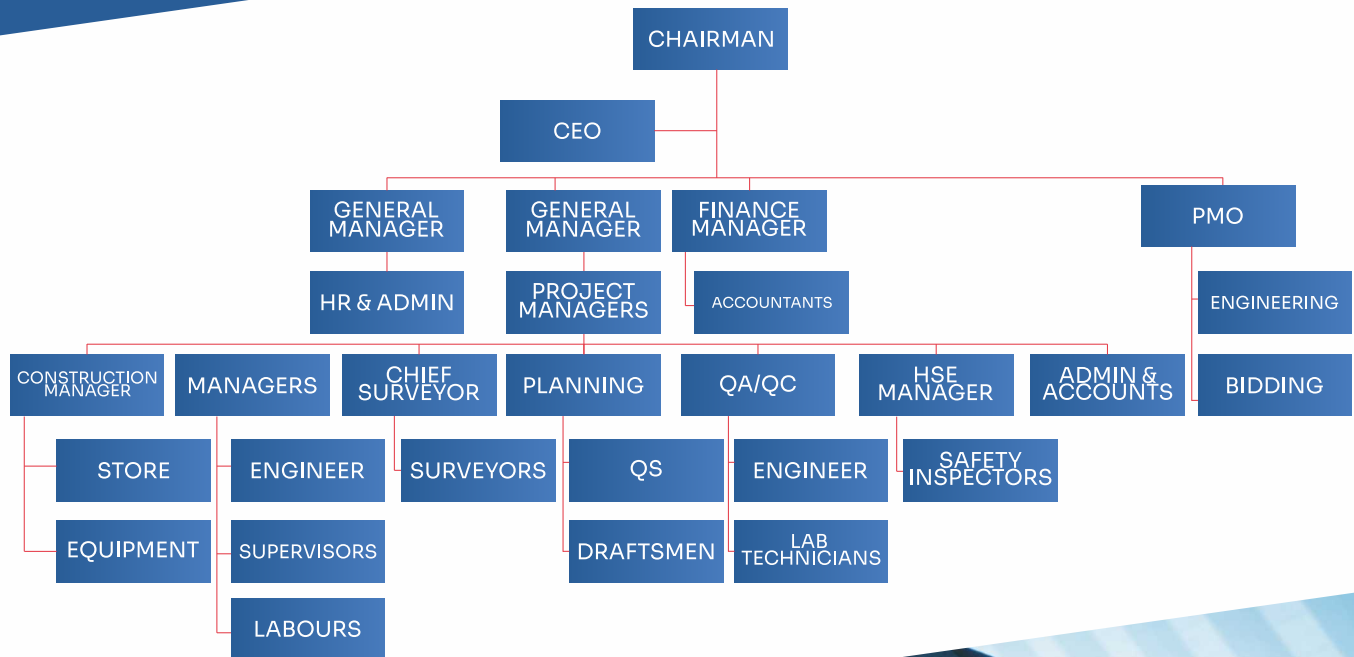

**Enhanced Accountability:** With clear divisions, responsibility is defined, leading to greater precision, quality control and project ownership.

**Scalability and Flexibility:** This structure allows us to deploy the exact right team for any project scope, from a single service to a complete, turnkey solution.

At **Dunearc International Company**, our divisional structure is our strength. It is how we ensure that every detail of your project receives the expert attention it deserves, delivering a final product that is not only built to last but is also smarter, more efficient and more beautiful.

Welcome to the Dunearc standard of excellence...
